The Socio Economic and Caste Census (SECC) data (provisional) with respect to State of Punjab for the year 2012 shows status of urban houseless and living in shelters as 15,872. Punjab has recorded total population of 27,704,236 persons out of which 37.49% were living in urban areas. In view of the fact that more than 50% of the State's population is forecasted to be living in urban areas by 2041, it is necessary to ensure affordable housing for urban poor.
